

# I Have Seen

## Zero 7

Old man there people stare  
Thinking back to God knows where  
Always back to where he's been  
I have seen, I have seen Time goes so slow  
Days come and go  
But I know, yes I know New born son life has won  
Take this turn then he'll run  
Run away from all that's been  
I have done, I have seen Time goes so slow  
Days come and go  
But I know, yes I know
