

# Mississippi Moon

## King's X

Today I walked, today I ran  
Today I tried to figure who I am  
Yesterday we played in our waterfall  
Dancing with the summer, laughing at it all Over the Mississippi moon  
Have to make myself remember  
It's something that I used to know Over the Mississippi moon  
Got to get myself together  
I've started seeing blue and gold Today I flew over the hill  
Reaching for that feeling, one more thrill  
Yesterday the same, tomorrow never knows  
I carry all my life wherever I go Over the Mississippi moon  
Have to make myself remember  
It's something that I used to know Over the Mississippi moon  
Got to get myself together  
I've started seeing blue and gold Over the Mississippi moon, over, over  
Over the Mississippi moon, over, over Over the Mississippi moon  
Have to make myself remember  
It's something that I used to know Over the Mississippi moon  
Got to get myself together  
I've started seeing blue and gold Blue and gold  
I've started seeing blue and gold  
Blue and gold
