

Shake Yours

B.B. King

Hello, baby, I'm so glad to be back
Got news for you, baby, that's a nat'ral fact
Since I am back, let's get into our act I love you, baby, more than words can say
You know I've missed you while I was away
Now, come back, baby, now it's time to play Now, flop, roll, while I sing
Do you know love will do anything?
You gotta shake your boogie, I'm gonna shake mine too
You sweet little angel, you've got a lot of lovin' to do
