The Brian Jonestown Massacre

If I thought I knew the reason
Why I've gone and fallen in love with you
You're the one thing I believe in
And I know quite well what I've got to doFirst you say it's okay, then you say there's no way
Then I'm making love to you
You're the one thing I believe in
And know it's time 'cause I've got to tell youMy love is like a flower
Daisies are always free
Pulling out the petals
I wonder, if you love me? Love
Love me, love meIf I thought I knew the reason
Why I've gone and fallen in love with you
You're the one thing I believe in
And I know it's time because I've got to tell youFirst you say it's okay, then you say there's no way
Then I'm making love to you
You're the one thing I believe in
And I'll get my way or I'm going to kill you
