Layaway

secretwars

Girl, I won't be caught up
I won't be the way that I thought we could be
'Cause girl, I know see how you are
Nothing comes for free, baby
I gotta pay your fee
Money's what she wants
Cheddar is the key
She's in love with me
There's no myth
She ain't gotta do it for free
I gotta put your love on layaway
To make you stay
I can't afford your love
Ooh mami, mami, mami, mami
Girl, I'm workin' nine to nine
So I can keep mine, I gotta live my life
You thought that you could get me
To be your baby's daddy
Girl, you're funny, funny
Money's what she wants
Cheddar is the key
She's in love with me
'Cause she ain't gotta do it for free

I gotta put your love on layaway
To make you stay
I can't afford your love
Ooh mami, mami, mami, mami
I gotta put your love on layaway
To make you stay
I can't afford your love
Ooh mami, mami, mami, mami
Girl, I know that's what you want now, girl
I know that's what you want now, girl
Don't front, it's what you want know, girl
I know that's what you want now, girl
Don't front, it's what you want now, girl
Don't front, it's what you want now, girl
I know that's what you want now, girl

Now say just what you want now, girl
What you really want now, girl
Ooh ooh ooh ooh ooh ooh ooh
I gotta put your love on layaway
To make you stay
I can't afford your love
Ooh mami, mami, mami, mami
