

# Dancin' to Sweet 17

Tracy Lawrence

I want you to submit the lyrics of herman's hermits lyrics:Herman's hermitsNo milk today  
(graham gouldman)No milk today, my love has gone away  
The bottle stands forlorn, a symbol of the dawn  
No milk today, it seems a common sight  
But people passing by don't know the reason whyHow could they know just what this message means  
The end of my hopes, the end of all my dreams  
How could they know the palace there had been  
Behind the door where my love reigned as queenNo milk today, it wasn't always so  
The company was gay, we'd turn night into dayBut all that's left is a place dark and lonely  
A terraced house in a mean street back of town  
Becomes a shrine when I think of you only  
Just two up two downNo milk today, it wasn't always so  
The company was gay, we'd turn night into day  
As music played the faster did we dance  
We felt it both at once, the start of our romanceHow could they know just what this message means  
The end of my hopes, the end of all my dreams  
How could they know a palace there had been  
Behind the door where my love reigned as queenNo milk today, my love has gone away  
The bottle stands forlorn, a symbol of the dawnBut all that's left is a place dark and lonely  
A terraced house in a mean street back of town  
Becomes a shrine when I think of you only  
Just two up two downNo milk today, my love has gone away  
The bottle stands forlorn, a symbol of the dawn  
No milk today, it seems a common sight  
But people passing by don't know the reason whyHow could they know just what this message means  
The end of my hopes, the end of all my dreams  
How could they know a palace there had been  
Behind the door where my love reigned as queenNo milk today, it wasn't always so  
The company was gay, we'd turn night into dayBut all that's left is a place dark and lonely  
A terraced house in a mean street back of town  
Oh all that's left is a place dark and lonely  
A terraced house in a mean street back of town  
Oh all that's left is a place dark and lonely  
A terraced house in a mean street back of town
