

# Heartbreakfree

## Ji Nilsson

If I didn't know better  
I say I love you  
But I always known better  
So I lock my heart  
Baby don't come closer  
You know we're doomed  
But we never be over  
If we don't start  
Don't start breaking my heart  
Don't don't come closer  
You want me now  
But tell me what happens when you don't  
Oh I can't stand the thought of us being over

Cause tell me how will I ever get over you, I wouldn't  
Heartbreak free  
Lets be friends be friends forever  
You and me  
Lets be friends be friends forever

If I didn't know better  
I let you touch me  
But you can't shut me out  
if I don't let you in  
Baby don't come closer  
Why can't you see  
We will never be over  
If we don't begin...  
Don't start breaking my heart  
Don't don't come closer  
You want me now  
but baby what happens when you don't  
Oh I can't stand the thought of us being over  
Cause tell me how

Will I ever get over you, I wouldn't  
Heartbreak free  
Lets be friends be friends forever  
You and me

Lets be friends be friends forever

Make it last forever ever  
Friendship never ends  
Make it last forever ever  
Friendship never ends

If I didn't, didn't know better  
I'll make us more then friends  
If I didn't, didn't know better  
I make us more then friends  
You know I always known better... better...  
Don't start breaking my heart  
Don't don't come closer  
You want me now  
But baby what happens when you don't  
Oh I can't stand the thought of us being over  
Cause tell me how

Will I ever get over you, I wouldn't  
Heartbreak free  
Let's be friends be friends forever  
You and me  
Let's be friends be friends forever

Make it last forever ever  
Friendship never ends  
Make it last forever ever  
Friendship never ends
