

# My Name Is Hope

## Debbie West Coon

Hello, my name is hope  
I've lived forever  
And I have made many smile.

Now they have tried  
To keep me silent  
They've sent rain and they've sent fire.

But I am strong and enduring  
I am eternal  
They'll never stop me from singing.

I know it's hard to believe in something  
When it cannot be seen.  
But my name is hope, and if you're listening  
Then you will hear me singing.

I held the hands of children  
I give them reason to survive  
And I can heal the wounds of affliction  
Just open your heart, let me come in!

Hello, my name is Hope  
I spring eternal  
Seeds of faith grow in my heart.

Hello, my name is Hope  
I'll help you move mountains  
If you'll only believe  
For with your prayers and Father willing,  
Then we will keep on singing
