Friendship Bracelet

Panda Bear

I always thought that I'd move further from
Further and further and further and even further from
The very people closest to me
I see these in daydreams
And like so many other things
It happened, slowly happened, slowly happened
And without notice I've become someone who's out of reach
I'm as much to blame
But I don't want to sound as though I'm wishing
Always wanting, always hoping
I had not made the choices I have made, but what's in that?
One is gained, one lost
And still to say I've made grave mistakes
And every upon, every upon, every
I think about and hope it's all worked out to either end
What acts, what cost
Cannot be destroyed with a friend's ring at the side
Don't break ties that hold them round the ring
Cannot be destroyed with a friend's ring at the side
Don't break ties that hold them round the ring
Cannot be destroyed with a friend's ring at the side
Don't break ties that hold them round the ring
Cannot be destroyed with a friend's ring at the side
Don't break ties that hold them round the ring
Don't break
Don't break
Don't break
Don't break
Don't break
Don't break
Don't break
Don't break
Don't break
