Call Me

Caleb Lovely

Well I'm taken back by what just happened
Held up, caught up on our conversation
And I'm not sure what you're sayin
I'm still not sure what you're sayinWell she said, she said it's just an awkward situation
And please excuse my hard pressed determination
But I don't think that's right
Well I don't think that's rightThat you never call me back, never call me back
Well you're always holding back, always holding on to
All you say you are, and all you say you wereYeah, oh
Uh, ohWell it's Wednesday night, and you can't stop staring
Playing Black Balloon down at the town tavern
And I'm not sure what you're singin
Cause it's not what I'm singinYou left the show and I stopped my song
Chased you down, and pulled out my phone
And yelled "Maria! What's your number?
Maria! What's your number?"But you never call me back, never call me back
Well you're always holding back, always holding on to
All you say you are, and all you say you were
But you're trying so hard, but are you really trying hard
To capture what you're made of?
To capture what you're made of?
Oh yeahOh, and the makeup hides who you really are
And the makeup hides who you really are
And the makeup hides who you really are
Oh, and the makeup, the makeup, the makeup hides who you really areBut you never call me back, never call me back
Well you're always holding back, always holding on to
All you say you are, and all you say you were
But you're trying so hard, but are you really trying hard
To capture what you're made of?
To capture what you're made of?
Oh yeahJust say
Who you really are
Just say
Who you really are
