# Perfect Enemy

## Synarchy

Why should I welcome your domination?
Why should I listen to explanations?
I'm not pretending to make it simple
Try to be something experimentalYou don't turn me off, I will never fail
Things I loved before, are not for sale
Keep yourself away, far away from me
I forever stay your perfect enemyNo longer waiting, remove illusions
No more complaining, forget confusion
No more confession, not sentimental
I am now something experimentalYou don't turn me off, I will never fail
Things I loved before, are not for sale
Keep yourself away, far away from me
I forever stay your perfect enemyYou don't turn me off, I will never fail
Things I loved before, are not for sale
Keep yourself away, far away from me
I forever stay your perfect enemyYou don't turn me off, I will never fail
Things I loved before, are not for sale
Keep yourself away, far away from me
I forever stay your perfect enemy
