

# Follow the Three Way

## H2O

Never really been into religion  
Never gave a fuck about superstition  
But such strange things are happening  
First once, then twice, then once again  
Never really thought we'd reach a third one  
Still there are those who haven't heard one  
So, we still have such a mission  
Our trilogy must have tradition  
Then once, I could not believe  
Even twice I was still naive  
In my heart, in my head, these words are said  
I don't care what you say, I'll follow the three way
