

# Speedway

## Girls Against Boys

Kiss my sound system  
Eat my headache  
Eat my headache  
And kiss my sound systemNow it's time to live  
Never gonna die  
Now it's time to live  
Never gonna dieCan you do it like a machine?  
Do it better than a machine  
Can you do it like a machine?  
The machine, the machineCome on, come on  
Yeah this out of control  
Come on this out of control  
I'm out of my head  
I'm not dead yetCome on, speed dreaming, slow eyes  
Psycho road, through paradise  
Speed dreaming, slow eyes  
Speed ways, through paradiseCan you do it like a machine?  
Do it better than a machine  
Can you do it like a machine?  
Beat the machine, beat the machineCome on, come on  
Yeah this out of control  
Go, this out of control  
I'm out of my head  
I'm not dead yetYeah go, this is all that I know  
I'm out of my head  
I'm not dead yetSpeed dreaming, slow eyes  
No access through paradise  
Can you do it like a machine?  
Can you make it like a machine?  
Can you do it like a machine?  
The machine the machine
