

What You Need

The Weeknd

I just wanna take you there
He don't got to go away
Does he touch you here like this?
Let me take the friction from your lips And I'ma love you girl
The way you need
Ain't no one goin' stop us
Ain't no one goin' stop us
And I'ma give you girl, what you fiend
I'm the drug in your veins
Just fight through the pain He's what you want
He's what you want
He's what you want
He's what you want
I'm what you need, what you need, what you need, what you need
I'm what you need, what you need, what you need what you need He's what you want
He's what you want
He's what you want
He's what you want
I'm what you need, what you need, what you need, what you need
I'm what you need, what you need, what you need what you need I got, everything what you want with me
I do, everything he does times three
And he don't gotta know, I got you on the floor
Doing things you never thought you'd do
Baby leave them high heel shoes
'Cause I love it when you're lookin' down at me
I'm lookin' up at you
And I don't give a damn shorty, watch me knock them boots off And I'ma love you girl
The way you need
Ain't no one goin' stop us
Ain't no one goin' stop us
And I'ma give you girl, what you fiend
I'm the drug in your veins
Just fight through the pain He's what you want
He's what you want
He's what you want
He's what you want
I'm what you need, what you need, what you need, what you need
I'm what you need, what you need, what you need what you need He's what you want
He's what you want

He's what you want
He's what you want
I'm what you need, what you need, what you need, what you need
I'm what you need, what you need, what you need what you need
