There Are Times

Fake Problems

There are times when I'm not even thinking about you
And there are nights I don't want to be around you
And I know, I know, I know you think I'm crazy
Why don't, why don't, why don't, why don't you love me?
I guess you've never felt this way before
But there we were not loving each other anymoreThere have been times when you've called that I wouldn't answer
And there have been weeks I have bored you every day
But how could, how could, how could I have forever
And what made, what made, what made, what makes you stay?
I guess you've never felt this way before
So here you are waiting for more
And there's still days I need to be near you
And there's still nights you're all I've got
And I hope, I hope, I hope you believe me
Cause I won't, I won't, I wont go one more day
I have never felt this way before
You may be all I need in this worldI have never felt this sure before
You may be all I really need in this great big earth
