

# Now That It's Over

## Everclear

Yeah right  
One, two, three, four Break down, shake for me  
Nothin' ever is the way you want it to be  
Nothin' even tastes right  
Now that it's over Break down, shake for me  
Don't write words unless you want me to read them  
Nothin' really matters  
Now that it's over Maybe we can be friends  
Now that we're older  
We can have fun like we did in the early days  
Now that it's over Yeah right, break down, shake for me  
Nothin' ever seems the way it ought to be  
Nothin' ever seems right  
Now that it's over Yeah, now maybe we can be friends  
Maybe we can be closer  
We can have fun like we did in the old days  
Now that it's over Oh yeah My bad dreams just don't seem the same  
Baby without you  
Oh, I wish you were willin' to accept the blame  
Yeah, for everything you do My nightmares just don't scare me now  
Baby without you, yeah, yeah  
I wish that I could find the words to tell  
In the best way possible, you and your friends to go to hell Yeah right Whoa, breakup time is never easy to do  
Nothin' ever ends the way you want it to  
Nothin' seems to make sense  
Now that it's over Yeah, now maybe we can be friends  
Yeah, now that you're leaving  
You can be nice to me  
Maybe I'm dreaming I am a lot better now than just okay  
Maybe I am just wakin' up in my own way  
Now that it's over  
Now that it's over My bad dreams just don't seem the same  
Baby without you  
I wish you were willing to accept the blame  
Yeah, for all the shitty things you do Nightmares just don't scare me now  
Baby without you  
Oh, I wish that I could find the words to tell  
You to politely go fuck yourself Yeah, now that it's over  
Now that it's over

Now that it's over  
Now that it's over
