

# In the Street

## Alex Chilton

Hanging out, down the street  
The same old thing we did last week  
    Not a thing to do  
    But talk to you

Steal your car and bring it down  
Pick me up, we'll drive around  
    Wish we had  
    A joint so bad

Bust a street light  
Out past midnight

Hanging out, down the street  
The same old thing we did last week  
    Not a thing to do  
    But talk to you
