

Sugarbaby

Morningwood

Hey Sugar What Sugar Who Sugar Baby

Shes so Ludlow
Wears Ben Cho
Last year wore
American Apparel

But she knows
No cash flow
Princess aint gettin
No new clothes

Tattooed sleeze
He rolls weed
Deadbeat he's
Makin her crazy

Stays out late
Bills aint paid
Sugar baby givin up on the downtown
Sugars gotta get out

Sugars goin goodnight
Your babies leaving you
Sugars caught in the lies
So baby
Goodbye sleep tight
and goodnight

Shes undone
He cant come
Still time for her to go and get some

The season
Of the trust fund
Handbags by Louie Vuitton now

Sall uptown
Chanel gowns

Brownstones on
'Laxin with the top down

Whats that sound
Ching Ching now
Sugar baby need a sugar daddy now now
Sugars gotta get out

Sugars goin goodnight
Your babies leaving you
Sugars caught in the lies
So baby
Goodbye sleep tight
and goodnight
