

# Still Callin (feat. Teeflii)

Dom Kennedy

Yeah  
Still callin'  
Show me what I showed you You ain't even my girl  
Do you just how you like it  
We can travel around the world  
I know he ain't gonn' like it  
Me and Annie just to fuck around  
She still callin'  
Ya'll don't even talk no more  
She still callin'  
Say, we the topic that they talk about  
Still callin'  
Me and Annie used to fuck around  
She still callin'  
Check this out though, uh  
I woke up Tuesday to a sexy lip  
She made turkey bacon and weed toast  
I had to represent  
And we been often on ever since  
Might take you back to Disneyland, girl I ain't forget  
Aye  
The player president no failed attemps  
Tryna get these girl back to the hotel and shit  
And see if we can fix this lil' situation  
You know them real nigga conversations  
I'm looking at houses up in [?]  
Ballin' and rappin' I play two sports  
A LA nigga I might go get the Benz out in New Port  
So help me figure out what I need you for  
You ain't even my girl  
Do you just how you like it  
We can travel around the world  
I know he ain't gonn' like it  
Me and Annie just to fuck around  
She still callin'  
Ya'll don't even talk no more  
She still callin'  
Say, we the topic that they talk about  
Still callin'

Me and Annie used to fuck around  
She still callin' Check this out  
You can't tell, check the smell  
California dreamin'  
Some more iTunes money to buy another beamer  
Fiendin' for love and alcohol  
The life of a Westside nigga with a catalogue  
I didn't know you had 'em all  
The mixtapes  
She say "Dom, boy, you been great"  
And I'mma buy the album anyway  
You been straight  
I be going hard from like Wednesday to Wednesday  
It's a lot of chit chat tell me what your friends say  
We can go here straight  
And I got Volvos  
Might order Pizza Hut you know I'm from the old school  
Might see me on the silver screen though with Tom Cruise  
Tryin' to kick it with them other niggas is the wrong move You ain't even my girl  
Do you just how you like it  
We can travel around the world  
I know he ain't gonn' like it  
Me and Annie just to fuck around  
She still callin'  
Ya'll don't even talk no more  
She still callin'  
Say, we the topic that they talk about  
Still callin'  
Me and Annie used to fuck around  
She still callin' Because  
Ain't no party like a OPM party  
Cause a OPM party don't stop  
I said  
Ain't no party like a OPM party  
Cause a OPM party don't stop  
Aye  
Yeah  
Uh  
Leimert Park forever, yeah, TeeFlii  
EML every day, every day You ain't even my girl  
Do you just how you like it  
We can travel around the world  
I know he ain't gonn' like it  
Me and Annie just to fuck around  
She still callin'

Ya'll don't even talk no more  
She still callin'  
Say, we the topic that they talk about  
Still callin'  
Me and Annie used to fuck around  
She still callin'
