

Emma

Satin Circus

Her name is Emma, oh I am head over heels
there's one dilemma, she doesn't know how I feel
I put her picture on my wa-a-all oh she's my baby she's my do-do-do-doll
Her name is Emma, oh and she acts like a star
June or December I wanna be where you are
What can I do to to to make her fall, tweeted my number never called You you you drive me crazy, you you you
call me maybe
E-M-M-A
Emma Emma I'm at your door
Emma Emma you're lonely no more What can I do to make you notice me like I notice you on the TV every
night
I want three wishes to come true-ue-ue
And everyone of them is you you you
Hey you and me, we would be one of a kind
I am for real, hey Emma what's on your mind
What can I do to to to make you fall, tweeted my number never called. You you you drive me crazy, you you
you call me maybe
E-M-M-A
Emma Emma I'm at your door She's in my head when I sleep in my bed
and when I wake up all I can say is
E-M-M-A
Emma Emma I'm at your door
Emma Emma you're lonely no more Spell my name, yeah you and me let's play this game
No no regrets there is no shame
'cause baby you're my E-M-M-A
Spell my name, yeah you and me let's play this game
No no regrets there is no shame
'cause baby you're my E-M-M-A Emma Emma I'm at your door
Emma Emma you're lonely no more You you you drive me crazy, you you you call me maybe
E-M-M-A
Emma Emma I'm at your door
You you you drive me crazy, you you you call me maybe
E-M-M-A
Emma Emma I'm at your door She's in my head when I sleep in my bed
and when I wake up all I can say is
E-M-M-A
Emma Emma I'm at your door
Emma Emma you're lonely no more
