Soldiers

Drowning Pool

On your feet, who?s with me?
On your feet, who?s with me? Right
One world, made better
In sleight, hard bitter
There is no compromise
Your pain, your worth, your sacrifice
On your feet, who?s with me?
On your feet, let?s go
Every time I see inside you
I see myself within you, let?s go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, let?s go
On your feet, who?s with me?
Lock tide, old strain
Well, it goes in vain
There is no compromise
Your pain, your worth, your sacrifice
On your feet, who?s with me?
On your feet, let?s go
Every time I see inside you
I see myself within you, let?s go

Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
One for all, we?re coming
Every time I see inside you
I see myself within you
Don't let that fade away
Your pride inside of me
Your honor inside me
Respect inside of, inside of me, go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Our soldiers, let?s go
Whoah, yeah, this is for the soldiers

Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, we?re coming
Every time I see inside you
I see myself within you
Don't let that fade away
Every time I see inside you
I see myself within you
Don't let that fade away
