

I Found Love With You

Dusty Springfield

I found it, I found it, ooh
True, true lovin' with you
Ahh, ha, ooh, I got so much to give, so much to live for
'Cause darlin', I found love with you
I got so much to share, so much to care for
'Cause darlin', I found love with you

Ooh, I found out, what true love is really all about
Ooh, and I know that I'll never, ever, never let you go

I'm so glad that you're here
So glad that you're near me
'Cause darlin' I found love with you (found it with you)
I've been acting like a fool, acting like a schoolgirl
'Cause darlin' I found love with you

Ahh, ooh, I found out what true love is really all about
Ooh, hoo, hoo, and I know, I'll never let you go
And I'll always love you so
'Cause darlin' I found true, true lovin' with you
Ooh, hoo, hoo

(I know) Yes I know, heaven's just a little closer to me
(I see) Yes I see, how wonderful our love could be together

You and me (I want you, baby, baby)
Can't you see (I need you darlin'), ah, ha

I got so much to live, so much to live for
'Cause darlin' I found love with you (found it with you)
I got so much to share, so much to care for
'Cause darlin', I found love with you (found it with you)

Ooh, I found out, oh, what true love is really all about
Ooh, and I know, I'll never let you go
And I'll always love you so
'Cause darlin', I found true, true lovin'

No, I'll never, ever, never, ooh, I found it
Yes, I found it

Never, ever let you go
I found it, true, true lovin' with you
I found it, yes, I found it, sweet baby
Found it with you

I'll never, oh, I'll never, ahh
'Cause I found it with you
Ooh, ooh, ooh, aah, found it with you
I found it, I found it, sweet darlin'
Found it with you
