Peace Song

De Indispensables

Just want to be, to be to be together
Just you and me
To be, to be together

1er couplet: Remember the days
When we used to play in the sun
Flowers in my hair
No worries

Just want to be, to be, to be together
Just you and me
To be, to be together
'Cause you know who you are
How do you think you are
All the time return
Everywhere

Remember the days
When we used to play in the sun
Flowers in our hair
No worries a peace
Will be love
You never hurt anyone
'Cause it bleus eyes, love
Like a word in a send
And beautiful, so beautiful
Together

Just want to be, to be, to be together
Just you and me
To be, to be together
'Cause you know who you are
How do you think you are
All the time return
Everywhere

Do you everythings
Like running away
When we turn on you
I look at the sky

See it day in our brain
Like the ever bleu
But ya'll need I believe
That the power love
This says is true
Like a word in a send
And beautiful, so beautiful
Together

Just want to be, to be, to be together
Just you and me
To be, to be together
'Cause you know who you are
How do you think you are
All the time return
Everywhere

Lady, man
When stars shine
I think of peace and love
From a bird
Common there

Remember the days
When we used to play in the sun
Flowers in our hair
No worries a peace

Will be love
You never hurt anyone
'Cause it bleus eyes, love
Like a word in a send
And beautiful, so beautiful
Together

Just wanna be together

Just want to be, to be, to be together
Just you and me
To be, to be together
'Cause you know who you are
How do you think you are
All the time return
Everywhere

That's want I wanna know

What now
I wanna see you
I wanna feel you
Made your voice ha
Made your voice hÃ©

YÃ©
Just wanna be together want my song
