Heartbeat

Satellite Stories

Want you to see
Head wide driving down on an empty lane
We were complete
Like a crash down on the road
Emotions all before
Only headlights only glowing
Now she goes(x2)
Can I feel your heartbeat?
If I never get a chance to say
Let me say it
If I never get a chance to say
I still doDo as she mean
Washed out figure drawn to an empty lane
How do you feel
We drive and depart
Just a smash into the car
Should we slam down on the brakes
Going back to start(x4)
Can I feel your heartbeat?
If I never get a chance to say
Let me say it
If I never get a chance to say
I still do
If I never get a chance to say
I still do
For now I have a chance to say I miss you
Keep you down to go
