## Queen Adreena

(K.J.Garside / C.Gray)Rags and riches I made three wishes,  
I've been a bad girl and I kissed the witches,  
I dance naked with animals I've seen more than you,  
ever dreamed possible.I've seen her I've breathe inside her,  
I've seen her adreena,  
I've seen her adreena.Hags and bitches I made three wishes,  
I've been a bad girl and I broke the dishes,  
I dance naked with animals I've seen more than you,  
ever dreamed possible.I've seen her I've grown her seeds,  
I've been her adreena,  
I've seen her adreena.Rags and riches I made three wishes,  
I've been a bad girl and kissed the witches,  
I dance naked with animals I've seen more than you,  
ever dreamed possible,I've seen her I breathe inside her,  
I've been her adreena,  
I've seen her adreena,  
I've seen her,  
I sowed her dreams,  
I've been her adreena,  
I've seen her Adreena.
