## When You Loved Me

## **Richard Marx**

I'm back at the corner
Where we said goodbye
I turn and I see you
but don't trust my eyes

You look at me

And I can't breatheHad every word perfect

for when this day would come

But standing here now

I can't find even one

All I want to say...

Is written on my face[Chorus:]

I close my eyes every time I wake up

Cause every little thing makes me think of

When you loved me...

When you loved me

And I don't really want to talk about the weather

The truth is that I was better

When you loved me...

When you loved meI'm sure that there's somewhere that you've got to go

But give me one more minute

One more memory to hold

And wherever you're goin' to...

Take this with you[Chorus:]

I close my eyes every time I wake up

Cause every little thing makes me think of

When you loved me...

When you loved me

And I don't really want to talk about the weather

The truth is that I was better

When you loved me...

When you loved meI try to wish you away

You're gone today but

you'll be back tomorrow

This lie

that I call goodbye

won't let go

Won't let me go...[Chorus:]

I close my eyes every time I wake up

(Every time I wake up)

Cause every little thing makes me think of
When you loved me...
When you loved me
Oh, baby, when you loved me
And I don't really want to talk about the weather
The truth is
I'll never be better than
When you loved me...
When you loved meI'm back at the corner
Where we said goodbye
