Poop Ship Destroyer

Ween

Let me lock you in the system at Warp 2
Push it on into systematic overdrive
You know what to doLet's cruise past all the golden poo
That makes me blue
These things gonna help you do betterPoop, poop
Poop ship, poop ship, ship destroyer
On the poop ship, poop ship, ship destroyerLet me jam all the frequencies on channel 2
I was been chewin' on this brownie
An' I think, I'm almost throughLet's cruise, the chocolate stew was you know for you
I told you to jam this frequency
This sector's chartered by youEverybody
Poop ship, on the poop ship, ship destroyer
The poop ship, poop ship, ship's destroyer
Poo, poo, poo, poo, poop, poo, poop
