3 Weeks (Jesper Dahlback Mix)

Tiga

Well, it's been
3 weeks since we said goodbye
And now how am I hard, as I try
Supposed to last a whole lifetimeThe days are fine
I keep my mind
Occupied and satisfied
I keep my eyes on the consolation prizeBut in the night
I lose the fight
I toss and turn
While my fears uniteMy teeth grind every time
The visions come, I wish I was blind
They're teasing me, endlessly
With a dream that was, but can never beI was never meant to be without you
I was never meant to be without you
I supposed in time, I will get by
But I was never meant to be without youWell, now it's been
3 weeks since I wrote this song
Now the future's wrong seems way too long
I thank the stars you taught me to be strongAnd now I walk the line
Your hand in mine
Your still my guide, side by side
I tell myself it's just a matter of timeAnd now my life keeps movin' by
And now I hear your voice in mine
I still smile most of the time
At memories, our lives intertwinedYou're keeping me company
With a love that was, and will always beI was never meant to be without you
I was never meant to be without you
I supposed in time, I will get by
But I was never meant to be without youI was never meant to be without you
I was never meant to be without you
I supposed in time, I will get by
But I was never meant to be without youI was never meant to be without you
I was never meant to be without you
I supposed in time, I will get by
But I was never meant to be without you
