Get Down Tonight

Soundtrack

This is for them booming systems
Them booming systems that got that base
This is for them booming systems
Them booming systems that got that bump-d-bump-d-bump
This is for them booming systems
Them booming systems that got that base
This is for them booming systems
Them booming systems that got that base to make you say
I got the meanest urge to get in the club tonight
Call up my girls tell 'em drop what you're doing
Meet up and let's ride and I ain't felt this way
Since that boy ended up inside
But tonight, I'mma make it happen
And I, do what feels right
And I swear that its gon' feel so good
You know you should, yeah
Fix your hair, slip on your brand new shoes
You sure look good
All I know is that it's gon' be on
I'll be gone, I don't care if you don't call
'Cuz I'm doing me ladies
Oh, if he made you sad, if he made you cry
Get up on your feet
Get down tonight, get down tonight
Oh, baby, don't feel bad, yes
'Cuz it's only right that you get on your feet
Get down tonight, get down tonight
And don't you worry 'bout tomorrow
Lets get out tonight and tell the DJ play my song
I'm trynna catch a vibe and if you don't mind boy
Then I'm alright boy I'mma be just fine
And I'mma get on down, I ain't thinking 'bout you no
And I swear that its gon' feel so good
You know you should, yeah
Fix your hair, slip on your brand new shoes
You sure look good
All I know is that it's gon' be on, I'll be gone
I don't care if you don't call
Cuz I'm doing me ladies

Oh, if he made you sad, if he made you cry
Get up on your feet
Get down tonight, get down tonight
Oh, baby, don't feel bad
'Cuz its only right that you get on your feet
Get down tonight, get down tonight
This is for them booming systems
Them booming systems that got that base
This is for them booming systems
Them booming systems that got that bump-d-bump-d-bump
This is for them booming systems
Them booming systems that got that base
This is for them booming systems
Them booming systems that got that base to make you say
Oh, if he made you sad, if he made you cry
Get up on your feet
Get down tonight, get down tonight
Oh, baby, don't feel bad, baby
'Cuz its only right, yeah, that you get on your feet
Get down tonight, get down tonight
Get up on your feet tonight
