I Know Myself

Amen Dunes

It takes a lot babe, I know myself
After this time I'm going to someone elseYou feel uncertain, black orchid pedal
On an empty vase on the sillI don't care how golden your hair
How blue your eyes how fractured your stareDon't remember nothing back then
My eyes did smile but oh my heart was thinIf I ever knew you so hard to tell
But it never got to me, I know myself
From the dead from the dead from ahead
When the came sang guitar on my bed
Didn't they tell you love, the love the love's there
Don't go and bother me.You know my love, since they be gone
It takes a year or two to carry on,
Natural, perchance, that's all my babe
For you, pictured love, I'm all badFor prayers, and doubts, and tunes,
and sail right on
In time, instead and now,
and nothing on you.You live two storms too soon
Darling the storm is soon
Truly, I'm coming
I Hope you're finding you.
I will - storm too
I will - storm too
I wish storms to youI'm too bad
Darling you know I'm too bad
Darling you know I'm too bad
