This is your revolution
It's just a bubble in time
This is my contribution
To your worrying mindPush, push, push, push
Move over, dream-agerThis is my revolution
Another bubble in time
Save it all for the children
Push away, cross the linePush, push, push, push
Move over, dream-ager
I want it too, I want it too, I want it tooMove over
Move over
Move over
Move overDream-ager, dream
Dream-ager, dream
Dream-ager, dream
Dream-ager
