

# Only a Year or So...

## 36 Crazyfists

I want you to come home  
I'm tired of being alone  
And it's making me sick  
Not knowing if you're safe and alright  
The kids are growing up so fast  
And knowing you're missing them and they're missing you  
Has given me a pain so deep inside  
Stemming from this world and this war  
Lately I feel like I've been becoming someone else  
Someone I don't recognize  
And someone I don't even like  
I need you here to help me remember  
What it's like to truly be alive  
Everyday I try my best to not get  
Completely overwhelmed with you being gone  
Please tell me how to be strong  
Because everyday I am so worried I could lose you  
There are so many things going on  
So many things I want to share with you  
I'm selfish for wanting you home I know  
But I really can't help it, I need you, we need you  
I love you completely  
I just want you to come home  
Only a year or so they said  
You won't miss out on anything  
Save me from, free me from despair  
I just want you to come home  
When the world's really dead  
I lay at night  
Thinking of you and the kids  
Trying to put this into perspective  
And understand the world  
So much is happening in my life  
And I can't seem to put a finger on who I am  
And these are the times I wonder what I was thinking  
I mean, what the hell was I thinking?  
Everyone says we're heroes but I feel like I've abandoned you  
I could feel the blood racing through my body  
And know that I'm growing distant from the world  
Only a year or so they said  
You won't miss out on anything  
Save me from, free me from despair  
And know that I'm growing distant from the world  
When the world's really dead  
The wait is over, stuck inside this mess  
Dying to hold, you're all on your own  
Praying to get out alive  
Alive, praying to get out alive  
Alive, praying to get out alive
