Bound By Blood

Cold Hard Truth

I'll never lead you to harm
I'll never leave you to fear
I'll always be with youBound By BloodIf you wander alone
You'll never be by yourself
Im always with youWere Bound By Blood
Bound By Blood
Bound By BloodI'll never lead you to burn
Or set you straight when you are down
Now forever wereBound By BloodAnd if you find yourself cold
Just check your warmth for my words Im always with youwere bound by blood
bound by blood
bound by bloodI'll never lead you to harm
Never leave you to fear
Im always with youWere Bound By BloodAnd If you wander alone
Never be by yourself
Im always with youWere Bound By Blood
Bound By Blood
Bound By BloodBound By Blood X16
