

A Cool Cat in Town (feat. Brenda Boykin)

Tape Five

Aoohh, a cool - cat - in town! It's late at night while the dogs are sleepin'!

She's leaving the cave and the wheels are turnin'!

A dancin' on ice, but the temperature's risin'!

She steps in the club and the walls are burnin'! There's a cool cat in town - never settle down,
she loves Chasing the dogs around. There's a new kid around, and she knows she is bound to be the
Leader of the whole rat-pack, and she won't wait for the return of the mac. There's a cool cat in town, never
going down.

One day she's even heading for the crownâ€”

A cool - cat - in town. When the cat's away, the mice are playin'!

They're messin' around till they all start swayin'!

Down in the club where the joint is jumpin'!

The birds and the bees and the hip chicks are swingin'! There's a cool cat in town - never settle down,
she loves Chasing the dogs around. There's a new kid around, and she knows she is bound to be the
Leader of the whole rat-pack, and she won't wait for the return of the mac. There's a cool cat in town, never
going down.

One day she's even heading for the crownâ€”

A cool - cat - in town. There's a cool cat in town. She won't wait for a new dog around, who don't like some cats
in town.

A cool kid around, ah-widdely-dop-ba-domb-ba -dooby!

A cool- cat- in toooooown!
