What's In It For Me?

Pitchshifter

I tried my best, did all that I can
I don't think I've got a single thing left that I can call my own
Still at the end of the day when all's said and done
The one and only single thing left is that one burning questionWhat's in it for me? ('cause that's what really matters.)Same as the rest? convince me I am
You don't need to burn the bridge in my head 'cause I'm out on my ownWhat's in it for me, me, me? ('cause that's what really matters)
