

Ain't That Enough

Teenage Fanclub

If you can I wish, you would
Only if you feel, you should
Bring your loving over
All adds up with circumstance
All stood up with taking stands
Bring your loving over
Highlights glisten
Silence listens
Days that found you
Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summers in the city do what you gotta do
Time can only make demands
Fill it up with grains of sand
Bring your loving over
Highlights glisten
And silence listens
Days that found you
Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summers in the city do what you gotta do
Toy town feelings whose gonna argue
Summers in the city, summers in the city
