

Reckoning Day, Reckoning Night

Sonata Arctica

A little rich girl I knew was falling apart
She had it all
Lost her dreams to find a piece of his heart
He let her fall
Now you're on your own and it's not the same
Oh, things do change
There is no one there who will take the blame
You just need some time to figure it out
All day, all night
Your way, this is your life
All day, all night
Your way
Take a look inside yourself and you'll find
You still can win
'Cause only you, little girl, can make up your mind
You're your best friend
Don't you worry 'bout that thing that you had
You've got a chance
You're looking good, little girl, so don't feel so bad
Spend a little time so you can figure it out
All day, all night
Your way, this is your life
All day, all night
Your way, ooh
Take a little time, figure it out
Take a little time, figure it out
A little rich girl I knew was coming around
She's got it all
Keep looking up, little girl and don't you look down
Take a little time so you can figure it out
All day, all night
Your way, this is your life
All day, all night
Your way
All day, all night
Your way, this is your life
All day, all night
Your way
All day, all night
