

# Circle Of Hypocrisy

## Napalm Death

(Lyrics Greenway : Music Harris, Mick)Talk of unity - a far cry from the slander and rivalry

Why should we encourage what is in fact a circle of hypocrisy

Impulsive jealousy

Where's the so-called harmony?

Internally untrusting

Externally inspiring

Assume your place above the rest

The wisest of the less

The knowledge you'll never possess

Compensated for with single-mindedness

Bored with life you turn to text

Battleground for pettiness

Pick at flies to justify

Temper's raised - You wonder why?

Why?

Supposedly Accessible

Come support our scene

Just another target

Harassed to the extreme
