

# Look On Yonder Wall

## Steve Miller Band

Look on yonder wall  
Hand me down my walkin' cane  
Look on yonder's wall  
Hand me down my walkin' cane  
I got me another woman  
Yonder comes your man I love you, baby  
But you just won't treat me right  
You spend all my money  
And walk the streets at night Look on yonder wall  
Hand me down my walkin' cane  
I got me another woman  
Yonder comes your man Your husband went to the war  
And you know it was tough  
I don't know how many men he killed  
But I know he done killed enough Look on yonder's wall  
Hand me down my walkin' cane  
I got me another woman  
Yonder comes your man I love you, baby  
But you just won't treat me right  
You spend all my money  
And walk the streets at night Look on yonder wall  
Hand me down my walkin' cane  
I got me another woman  
Yonder comes your man I love you, baby  
But you just won't treat me right  
You spend all my money  
And walk the streets at night Look on yonder wall  
Hand me down my walkin' cane  
I got me another woman  
Yonder comes your man
