

Mother's Opinion

Men Without Hats

Mother's opinion is that we're too young to be old
And mother's opinion is we should never do what we are told
And mothers reactions are the same as they were before
And mothers anterior she gave us all of this and much more
And mothers superior, she's been through all this before

She's got a lot of things she wants to tell you
Like who you are and what you've came here for
Mothers reaction hasn't changed much since the war
And mothers opinion is the same as it was before
And mothers anterior she's got a lot of tricks up her sleeve
And mothers superior, gave us everything that we need
And mother superior, she's been through all this before

She's got a lot of things she wants to tell you
Like who you are and what you've came here for
I say hey, it sounds familiar, but it just doesn't sound the same
I say hey, it sounds familiar, but just a million miles away, hey, hey, hey

And mothers reactions are the same as they were before
And mothers anterior she gave us all of this and much more
I say hey, it sounds familiar, but it just doesn't sound the same
I say hey, it sounds familiar, just a million miles away, hey, hey, hey

It sounds familiar, but it doesn't sound the same
It sounds familiar, just a million miles away, away!

It sounds familiar, but it doesn't sound the same
It sounds familiar, just a million miles away
It sounds familiar, but it doesn't sound the same
It sounds familiar, just a million miles away
It sounds familiar, but it doesn't sound the same
It sounds familiar, just a million miles away
It sounds familiar, but it doesn't sound the same
It sounds familiar, just a million miles away, away!
