What Sound

Lamb

What is that sound, ringing in my ears
The strangest sound, I've heard for years and years
The sound of two hearts, beating side by side
The sound of one love, that neither one can hideThe sound that makes the world go 'round
The sound that makes the world go 'roundWhat is that sound, running 'round my head
Funny I thought, that part was long since dead
But now there's new life, coursing through my veins
Because there's someone, who'll make it beat againThe sound that makes the world go 'round
The sound that makes the world go 'round
The sound that makes the world go 'round
The sound that makes the world go 'roundWhat is that sound, ringing in my ears
The strangest sound, I've heard for years and years
The sound of two hearts, beating side by side
The sound of one love, that neither one can hide
