## Crossfire

## **Golden Fable**

There's a still in the street outside your window
Your keeping secrets on your pillow
Let me inside, no cause for alarm
I promise tonight not do no harm
I promise ya, babe, I won't do ya no harm
And we're caught within the crossfire

Of heaven and hell

And we're searchin' for shelter

Lay your body down

Lay your body down

Lay your body down

Watching you dress as you turn down the lights

I forget all about the storm outside

Dark clouds roll their way over town

Heartache and pain came a-pouring down

Like hail, sleet and rain, yeah, they're handing it out

And we're caught within the crossfire

Of heaven and hell

And we're searchin' for shelter

Lay your body down

Tell the devil that he can go back from where he came
His fiery arrows drew their beat in vain
And when the hardest part is over, we'll be here
And our dreams will break the boundaries of our fear

The boundaries of our fear

Lay your body down

Next to mine
