

Sit Enthroned

The School of Worship

Son of God you are the perfect one You came to give your life away
My sin you have erased with your
Precious blood you showed your, Unfailing love and I will never be the same
Forever I am changed, Jesus

Sit enthroned upon my heart, with everything you are
Come live your life in me, reign supremely
I'm not just giving you my sin, but everything within
Come take control and make me Holy

Son of God you are the risen one, You came to overtake the grave
By the power of Your name. You have raised me up with your conquering love
And I will never be the same, Forever I am changed, Jesus

You are my king, Enthroned to be
My everything, My everything

Sit enthroned upon my heart, with everything you are
Come live your life in me, reign supremely
I'm not just giving you my sin, but everything within
Come take control and make me Holy
