

I Never Walk Alone

Huey Lewis & The News

Well I remember my old neighborhood
Everyone there what they understood
You could wind up stranded in the lost and found
So you better stick together if you wanna stick around
So me and the boys got our own little plan
Somebody out there will they understand
And we'll have the world in the palm of our hand
I never walk alone
And I never walk alone
It ain't what you've got it's who you know
Now we take that with us wherever though we go
We stick together and we have fun fun
You know we're taking our days one by one
And when there's trouble in my face
I'm a tired runner in the human race
I gotta get back to a familiar face
And I never walk alone
And I never walk alone
And I, I'm taking care of my own
And I never walk alone
I never walk alone
And I never walk alone
And I taking care of my own
And I never walk alone
(I never walk alone)
I never walk alone
(We stick together and we having our fun)
I never walk alone
(Now we're taking our days one by one)
I taking care of my own
(Taking care of my own)
And I never walk alone
(I never walk alone)
