All I Do

Majid Jordan

You call, you say, just let it be
I care, I say you mean too much to me
It's real, there's no one else I found
I feel, really need to figure this out, just you and IOnly wanna find, whatever makes you smile
Only wanna find, 'cause all I ever do is think of you
Too much, you mine, you mine
'Cause all I ever do is think of you, my love
You mine, you mine
Help me make it upHow come, you say you need a better man?
When you're the one who came to me for everything
I guess it's true what they say about, the one
Really need to figure this out, just you and IOnly wanna find, whatever makes you smile
Only wanna find, 'cause all I ever do is think of you
Too much, you mine, you mine
'Cause all I ever do is think of you, my love
You mine, you mine
Help me make it upI guess we're here, once again
Just two of us talkin'
It's real, there's no one else I found
I feel, we really need to figure this out, just you and I
Only wanna bathe in silence, only wanna live forever
Only wanna keep things quiet, only wanna be together
Be together, be togetherAll I ever do is think of you, too much
You mine, you mine
All ever do is think of you, my love
You mine, you mine
Help me make it up with you
