

Big Crash

Eddie Money

sometimes I think somethings wrong with me because
I was never one to believe in anyone or anything
it's always been just me
and y'know they've always had big plans for you
just to walk you through and cloud your views
and I'll never say that everythings ok
and you don't want to say that you're giving up right now
so just hold your ground
don't give up in what you believe
big plans big crash
why be different
when you can't be yourself
sometimes i think something's wrong with me because
I was never one to believe in anyone or anything
and I don't want to say I'll ever change
because things always change
