

# The Other Half of Me

**Bobby Darin**

Somewhere there has to be the other half of me  
The other half of me I've yet to meet  
One special someone  
Whose heart has a similar leaning And if she were right for me  
Day and night for me would have meaning  
The other half of me, that unknown quantity  
That unseen destiny could make me complete Is there a chart for the heart or a graph?  
Will we meet on the street with a laugh?  
Will we know one another if I ever meet my other half  
The other half of me
