The Inner Light

(Harrison)

Without going out of my door

I can know all things of earth

With out looking out of my window

I could know the ways of heaven

The farther one travels

The less one knows

The less one really knows Without going out of my door

You can know all things of earth

With out looking out of my window

You could know the ways of heaven

The farther one travels

The less one knows

The less one really knows Arrive without travelling

See all without looking

Do all without doing
