

Fish!

Jeffrey Foscett

Oh come on fish, pretty little fish
Dancing with me fish
Donâ€™t you know I wish I could kiss you, baby
Youâ€™d want me maybe
Youâ€™d be my lady
I dream it all when I gaze at you

We could dance on the edge of the ocean
And glide with the tide in slow motion
In a water blue that belongs to you, weâ€™ll be lover

Turning waves to the thunder
Flying in all liquid sky
Helpless lost in a wonderland
Iâ€™m holding your hand
counting the stars in the sand

Oh come on fish, sexy little fish
Move your body fish
Donâ€™t you know I wish I could kiss you, baby
You drive me crazy
Please be my lady
I dream it all when I gaze at you

Poor my heart running out of the reasons
You know your smileâ€™s like a change of the seasons
Itâ€™ll follow gray, came the sun to say, weâ€™ll be lover

Passion dashes like sun light
Heaven but it is too soon
Hold me after this one nightâ€™s gone
Weâ€™ll break the dawn and this new love will go on

Oh come back fish, slippery little fish
Listen to me fish
Donâ€™t you know I wish I could kiss you, baby
Your love could save me.
Youâ€™d be my lady
I dream it all when I gaze at you

Oh come on fish, sexy little fish
Move your body fish
Don't you know I wish I could kiss you, baby
You drive me crazy
Your love could save me
You'd want me maybe

You drive me crazy
Oh won't you just let me gaze at you
