Back On The Streets

Saxon

We've been out in the cold
Trying to get in
We've been ripped off and rolled
Heads in a spin
Nothin can stop us breakin' through
Finding my way back home to you
Standing alone in the fight
You've never been out of our sight
We're back on the streets again
We're back on our feet again
We're out of the night
Into the light
We're back on the streets again
We're back, we're back on the streets again
We're back, we're back on our feet again
We were caught in the crossfire
But no one could win

They bled off the power
Our spirit within
Standing our ground
We're digging in
This time 'round
We're gonna win
The banners are flying high
We're reaching for the sky
We're back on the streets again
We're back on our feet again
We're out of the night
Into the light
We're back on the streets again
We're back, we're back on the streets again
We're back, we're back on our feet again
We're back, we're back on the streets again
We're back on the streets again
(Repeat to end)
